

COVER-TEK

# We've Got YOU COVERED

## DRUG & ALCOHOL TESTING

We offer in house drug testing for all common drugs during business hours. Including Alcohol, Hair Follicle, and Steroid testing. We also offer pre-employment, random, reasonable suspicion, post-accident (after hours), return to duty, and follow up D.O.T. and Non D.O.T. testing for businesses. We also can come to your location making it hassle free and easy for you.

## BLOOD TESTING

With no appointment or doctor's orders needed, we make blood testing simple and easy. Whether you need a Male/Female, Thyroid, STD, or Cardio IQ Profile we can help. We offer hundreds of different blood tests. For a complete list of our tests visit [www.cover-tek.com](http://www.cover-tek.com)

## IMMUNIZATIONS

Flu Shots, Hepatitis A & B, Pneumonia, MMR, Shingles, Tetanus, and many more. Going on a trip overseas or studying abroad? We also offer Travel Immunizations!

## B-VITAMIN THERAPY

Symptoms of low B12 can vary widely but many people feel fatigued, depressed, and may have poor memory. If any of those sound familiar you might consider monthly B Vitamin injections. We offer B1, B6, and B12

## WELLNESS EVENTS

So many times per year employees take a full days paid time off to see a healthcare provider due to acute illness or do not take the initiative to see a provider until the signs and symptoms are present. We are here to help prevent time lost on jobs by giving on-site screenings in the work environment. Our team of professionals will help your employees identify potential problems in their health and give recommendations to help prevent future problems. We will also give recommendations to help others gain and maintain a healthy lifestyle through these 2 simple yet major objectives: Blood Analysis and Health Risk Assessment

## CPR CERTIFICATION COURSES:

We offer classes to Businesses, Groups, Organizations or individuals. Our classes are held at our office or we can come onsite at the location of your choice. Classes include course materials and e-certification card. Hard copy books are available for purchase after the class. A.E.D. and first aid training is included with the appropriate classes.
